## ■ 科目の検索方法

The screenshot shows the 'シラバス検索' (Syllabus Search) page of the CampusPlan Web Service. The page has a green header with the logo and a 'ヘルプ' (Help) icon. Below the header is a search bar with the text '検索したい項目を入力、または選択して下さい。' (Enter the items you want to search for, or select them). The search criteria are divided into two main sections:

- Section 1 (Left):** Search condition settings. It includes input fields for '講義コード' (Lecture Code), '講義名称' (Lecture Name), '講義副題' (Lecture Subtitle), and '学則科目名称' (Regulation Subject Name). It also has dropdown menus for '講義開講時期' (Lecture Start Period), '曜日' (Day of the Week), and '時限' (Period), and a dropdown for '校地' (Campus). A red box labeled '1' highlights these fields, and a callout points to the search bar.
- Section 2 (Right):** Search results. It includes checkboxes for '講義区分' (Lecture Division), '担当教員' (Instructor), '授業科目区分' (Subject Division), '対象学科・年次' (Target Department/Year), '必須/選択' (Required/Optional), '備考' (Remarks), and 'キーワード' (Keywords). A dropdown menu is set to '選択なし' (None). A list of subjects is displayed, with the first item '01: 講義' (Lecture) highlighted in blue. A red box labeled '2' highlights the search button '以上の条件で検索' (Search with the above conditions) and the subject list. A callout points to the subject list with the text '確認したい科目を選んでください' (Please select the subject you want to check).
